Fri, 24 May 2019 21:02:00 GMT

Organized by The Center for Art in Wood, the exhibition was curated around the four contexts of the physical, emotional, spiritual and intellectual as they relate to lathe turning. The 156-page book contains color photographs of the entire exhibition, along with artists statements and resumes. Also included are essays on aspects of the lathe-turning field by the four exhibition curators and three field experts.
