In the early 1980s, the American economy was suffering through a deep recession. Business bankruptcies rose sharply compared to previous years. Farmers also suffered due to a decline in agricultural exports, falling crop prices, and rising interest rates. But by 1983, the economy had rebounded and enjoyed a sustained period of growth as the annual inflation rate stayed below 5 percent for the remainder of the 1980s and part of the 1990s.
