Curriculum connections | The Australian Curriculum

The curriculum connections resources allow educators to draw connections across the dimensions of the Australian Curriculum on various conceptual themes. Curriculum connections resources have been developed for the following:

PDF documents | The Australian Curriculum

PDF documents. Resources and support materials for the Australian Curriculum: Humanities and Social Sciences are available as PDF documents. F-10 HASS Key ideas - Subject sub-strand illustrations

Food and wellbeing | The Australian Curriculum

The Australian Curriculum Connection: Food and wellbeing provides a framework for all young Australians to understand and value the importance of good nutrition for health and wellbeing both across learning areas and specifically within the Technologies learning area as a technologies context in core learning across Foundation to Year 8 and as additional learning opportunities offered by ...
