Teachers for Rural Schools - World Bank

Mon, 17 Jun 2019 00:09:00 GMT

teachers for rural schools, five countries—Lesotho, Malawi, Mozambique, Tanzania, and Uganda—prepared national case studies and, along with representatives from Zambia, came together for a workshop on “Policy, Planning, and Management of Rural Primary School Teachers” in Lesotho in May 2005. Building on the national reports, this workshop considered

Factors affecting curriculum implementation in Secondary ...

research focused on secondary schools located in the rural areas of the district. Officers at the Officers at the district education office were also included in the study.

The Delivery of Education in Rural Areas - dera.ioe.ac.uk

Sat, 22 Jun 2019 00:32:00 GMT

not all have direct involvement in education provision. We were disappointed to find that Defra does not appear to have established a role for itself as the lead body with responsibility for co-ordinating policy responses in rural areas on these issues. The further education and training sector is particularly important in rural areas because of the link it provides between education and the ...
